OBJECTIVE

Enthusiastic Software Engineer with over 1 year of experience in full-stack development, seeking a challenging full-time role to build efficient, scalable applications and contribute to impactful projects.

EDUCATION

Bachelor's Degree, Nagpur University   2018 - 2022

SKILLS

Technical Skills   Java, Advanced Java, HTML, CSS, JavaScript, React.js, Node.js, Express.js, MongoDB, SQL
Soft Skills   Willingness to learn new technologies, Persistence, Attention to Detail

EXPERIENCE

MERN Stack Developer   Apr 2024 - Feb 2025
Affinco Pvt Ltd   *Nagpur, India*

- Designed and developed a full-stack web application using **React.js**, **Node.js**, **Express.js**, and **MongoDB**, following MVC architecture and RESTful standards.
- Built and maintained responsive user interfaces using React.js, JavaScript, HTML5, and CSS3.
- Implemented secure **user authentication and authorization** using **JWT** and **bcrypt**, enhancing data protection and session management.
- Integrated **REST APIs** and handled asynchronous data flows using **Axios** and **Promises** for smooth user interactions.

React Developer   Oct 2023 - Mar 2024
Rises Labs IT Solution Pvt Ltd   *Hyderabad, India*

- Developed **dynamic and responsive user interfaces** using **React.js**, focusing on **performance optimization**, **component reusability**, and maintainable code structure.
- Implemented **client-side routing** with **React Router**, enhancing navigation and improving the single-page application experience.

PROJECTS

Developed a full-stack **Travel Booking Web Application** using the **MERN stack** (MongoDB, Express.js, React.js, Node.js), featuring a secure **JWT-based authentication system**, real-time booking management, and an integrated payment gateway. Focused on performance optimization, responsive design, and seamless navigation across devices. Applied code-splitting, lazy loading, and session handling for enhanced security and speed. GitHub Link

Online Food Delivery Web App as a UI Full Stack Developer using **React.js**, HTML5, CSS3, and JavaScript. Designed and implemented **responsive, mobile-first interfaces** focused on smooth user experience and clean component-based architecture. Emphasized UI/UX best practices, cross-browser compatibility, and performance tuning to deliver a modern and intuitive user interface. Live App Link

EXTRA-CURRICULAR ACTIVITIES

FSAE SUPRA FORMULA STUDENT VEHICLE

- Participated in **SUPRA SAEINDIA**, a national engineering competition to design and build a **formula-style race car** following SAE standards. Gained hands-on experience in **vehicle dynamics**, **manufacturing**, and **performance analysis**, while improving **teamwork**, **technical time management** skill through practical engineering challenges.
